

Hi Kindy Families

In your child's pack this week there is a colouring page. After your child has coloured in the fish, ask them to tell you a story about their fish. If you can write this story on the back or bottom of the drawing that would be great. I'd love to record these stories and use them in week four's learning.

Also the Jellyfish craft is designed to look like this, however as always in Kindy we totally embrace originality.

Thank-you so much for your co-operation these last few weeks.

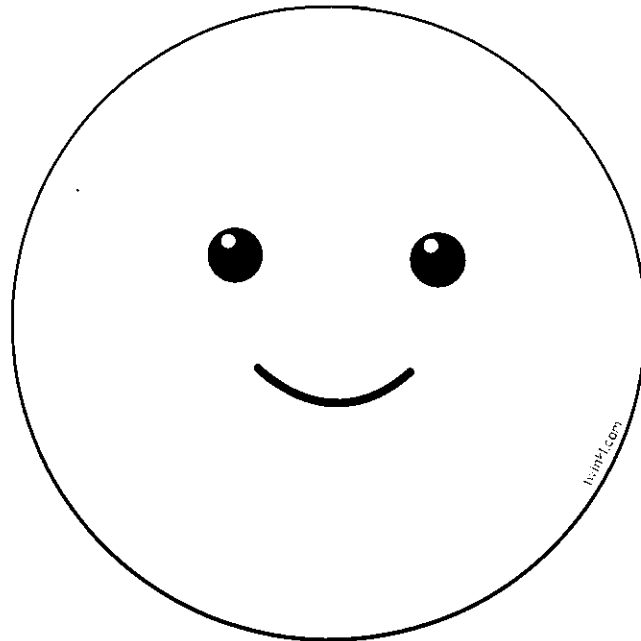

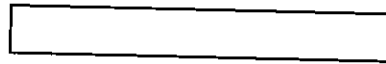

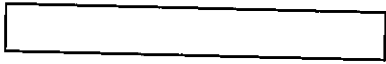

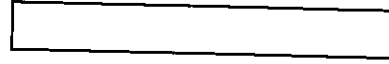

Responding to the story.

Listen to Tiddler the Story Telling Fish and draw Miss Mac a picture of Tiddler.

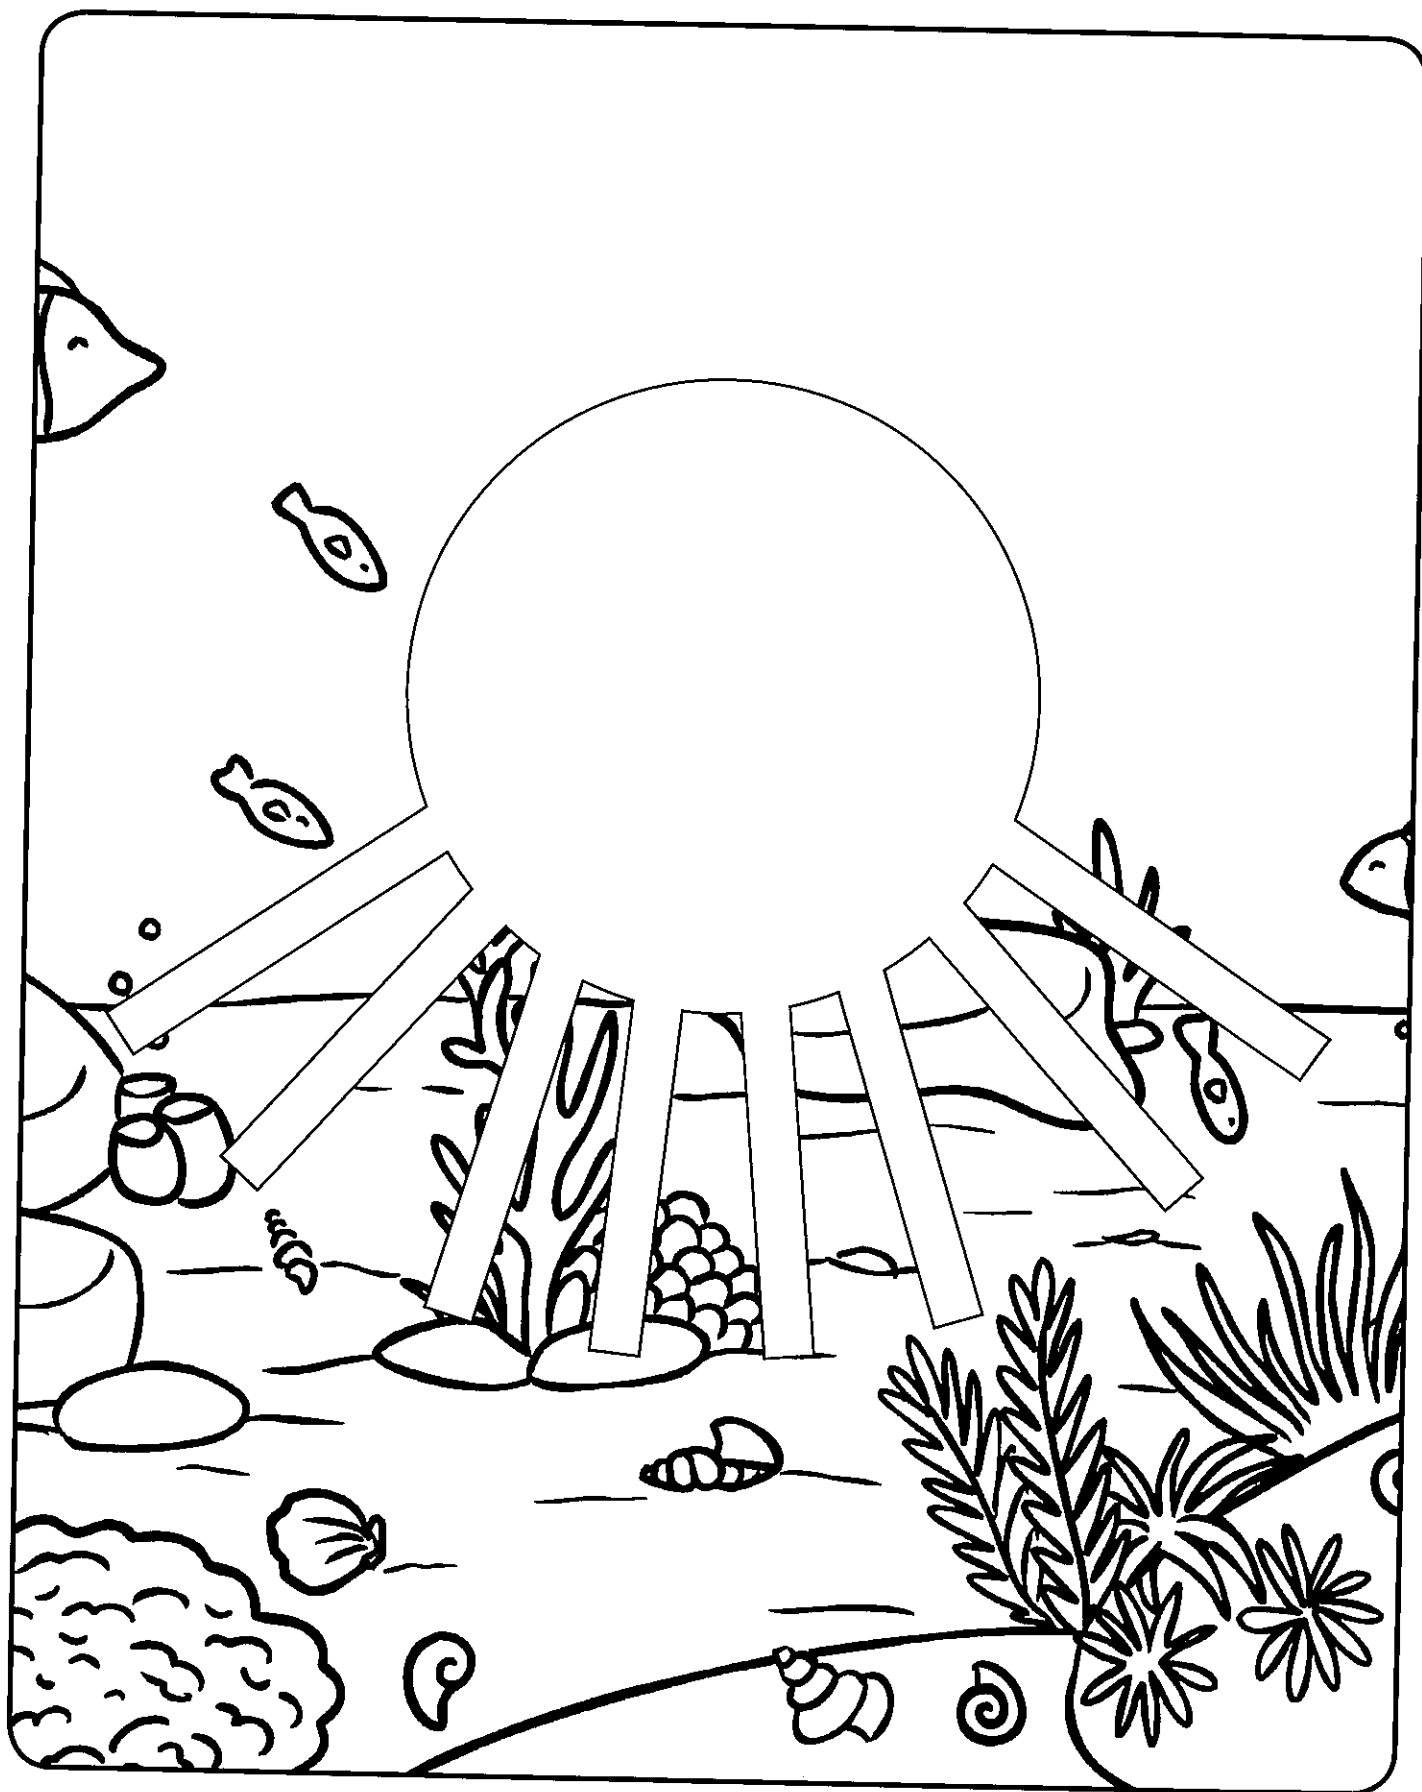

Tell your adult what happened in the story (Parents scribe for children)
